2nd Session, 34th Parliament
Tuesday, May 15, 1990

Mr Sterling from the Standing Committee on Government Agencies presented the Committee's Report on the Ontario Food Terminal Board/le rapport sur la Commission du Marché des produits alimentaires de l'Ontario and moved the adoption of its recommendation (*Sessional Paper No. 347*) (Tabled May 15, 1990).

On motion by Mr Sterling,

Ordered, that the debate be adjourned.

The following Bills were introduced and read the first time:—

Bill 166, An Act to amend the Highway Traffic Act. *Mrs Cunningham.*

Bill 167, An Act to amend the Ontario Food Terminal Act. *Mr Sterling.*

The following Bill was introduced, read the first time and referred to the Standing Committee on Regulations and Private Bills:—

Bill Pr70, An Act respecting the Human Resources Professionals Association of Ontario. *Mrs Cunningham.*

With unanimous consent, Mr Allen moved, in the absence of Mr Rae (York South),

That, in the opinion of this House, the Legislative Assembly of Ontario recognizes and affirms that:

- this House supports the French Language Services Act;
- in the context of our shared belief that linguistic duality is a fundamental characteristic of our country, takes pride in the fact that access for the French-speaking minority in Ontario to the courts, education, public broadcasting, proceedings of the Legislature and provincial services in designated areas has been a shared commitment of different political parties and governments over many years;
- the French Language Services Act applies only to the provision of provincial government services to members of the public, and can be achieved without diminishing services for the English-speaking majority;
- the decision of a municipality to provide municipal services in both English and French is entirely voluntary, and

- through public hearings after the spring session, the Select Committee on the Constitution should in its work seek the views of Ontarians and others on matters relating to the relationship between English-speaking and French-speaking Canadians in Ontario, including services and education.

Que, de l'avis de cette Chambre, l'Assemblée législative reconnaît et affirme que :

- elle appuie la Loi sur les services en français;
- témoignant de notre conviction commune à l'effet que la dualité linguistique constitue une caractéristique fondamentale de notre pays, se félicite de ce que la minorité francophone ait accès à des services en français devant les tribunaux, dans les écoles, au niveau de la radiodiffusion publique, au sein de l'Assemblée législative et à d'autres services provinciaux dans les régions désignées ce qui a traduit l'engagement des trois partis politiques et des différents gouvernements au cours des ans;
- la Loi sur les services en français ne s'applique qu'aux services offerts par le gouvernement au public et ne diminue en rien les services offerts à la majorité anglophone;
- qu'aucune municipalité n'est tenue de fournir des services municipaux en anglais et en français à moins d'une décision prise par ladite municipalité et;
- lors de ses audiences publiques qu'il tiendra après la session parlementaire du printemps, le Comité spécial sur la Constitution devrait inviter les Ontariennes et les Ontariens ainsi que les autres intéressés à venir exprimer leurs opinions sur les questions touchant les relations entre anglophones et francophones en Ontario, y compris dans le domaine des services et de l'éducation.

Votes and Proceedings

Legislative Assembly
of the Province of Ontario

2nd Session, 34th Parliament
Monday, May 28, 1990

The Deputy Speaker delivered the following ruling:—

On Monday, April 23, 1990, the member for Ottawa West raised a point of order as to whether the participation of the member for Welland-Thorold in the debate on government notice of motion number 30 constituted such an abuse of the privileges of members that the Speaker would intervene and call upon another member to speak.

In his argument, the honourable member raised the privilege of freedom of speech and made reference to citation 77 in the 6th edition of *Beauchesne's Rules & Forms of the House of Commons of Canada* which states that “[f]reedom of speech does not mean that Members have an unlimited or unrestrained right to speak on every issue. The rules of the House impose limits on the participation of Members and it is the duty of the Speaker to restrain those who abuse the rules.”

First, let me say that the privilege of freedom of speech is the most important privilege of members. Section 37 of the *Legislative Assembly Act* provides that “a member of the Assembly is not liable to any civil action or prosecution, arrest, imprisonment or damages, by reason of any matter or thing brought by him by petition, bill, resolution, motion or otherwise, or said by him before the Assembly or a committee thereof.” However, while a member enjoys this immunity necessary to perform his or her parliamentary work, the privilege of freedom of speech is subject to the power of the House to regulate its own internal proceedings by establishing rules of procedure or Standing Orders.

The statement in *Beauchesne* cited by the honourable member is accurate as far as it concerns the House of Commons of Canada. The rules of that legislature specifically provide for time limits on most speeches in the House and its committees and, therefore, do not permit “an unlimited or unrestrained right to speak”. The situation is different in Ontario. Except in very limited circumstances, our Standing Orders do not impose time limits on speeches. I remind the House that our rules were only very recently extensively amended and there was a conscious decision by the House not to impose general time limits on members’ speeches. In such circumstances, the Speaker is not in a position to impose time limits on members’ speeches or otherwise restrain or prevent members from speaking to a matter at length, provided that there is otherwise no breach of the rules or practices of the House.

The member for Ottawa West also cited a case at the House of Commons at Westminster. On February 2, 1881, Speaker Brand terminated a debate on his own responsibility after a continuous sitting from January 31 to February 2, 1881 lasting 41½ hours during which Irish members had deliberately protracted the debate on the motion for leave to introduce the Protection of Person and Property Bill for the purpose of obstructing the business of Parliament. In this instance, Speaker Brand declined to call upon any more members to speak, even though Irish members still wished to continue the debate, and proceeded to put the question after saying that the “dignity, the credibility and the authority of this House are seriously threatened and it is necessary that they should be vindicated”. It is important to note, however, that his action was supported by the Prime Minister and the Leader of the Opposition and that on the following day a resolution was adopted augmenting

the Speaker's powers. In 1882, closure was embodied in the rules. Therefore, the precedent as cited is not useful to us in this House.

Although the situation upon which the point of order raised by the member for Ottawa West was based is now a moot point, I felt that it was important that I make this statement for the future guidance of the House.

The following Bills were introduced and read the first time:—

Bill 169, An Act to amend certain Acts relating to Freedom of Information and Protection of Privacy. *Mr Elston.*

Bill 171, An Act to amend the Municipal Freedom of Information and Protection of Privacy Act, 1989. *Mr Elston.*

Projet de loi 171, Loi portant modification de la Loi de 1989 sur l'accès à l'information municipale et la protection de la vie privée. *M. Elston.*

That, in the opinion of this House, recognizing that municipal solid waste should be reduced as much as possible so as to eliminate the need for more landfill sites, and recognizing that each region of the province should solve its own waste problems, the Government of Ontario should adopt a policy that no municipal or other garbage from southern Ontario should be shipped to any location in northern Ontario for treatment or disposal.

- that the delivery of health care services in the north is still inferior;
- that northern municipalities have particular problems of boom and bust while the Liberal government freezes unconditional grants;
- that forestry jobs are threatened because of this government's failure to live up to its commitment to provide seedlings and because of the continuing practice of clear-cutting;
- that almost no attempts have been made to diversify the economy to create jobs nor to work with the private sector and create meaningful jobs when serious layoffs occur;
- that the Ontario government continues to treat northern Ontario citizens like second class citizens;

therefore this government has lost the confidence of this House.

That, in spite of 33 tax increases, increasing annual provincial tax revenues by over 130% in five years, and in spite of increasing total government spending over that same period from 25 billion dollars to over 44 billion dollars this government has failed to implement several of its significant election promises, specifically the creation of 4,000 new hospital beds, the creation of 102,000 affordable rental units, provide automobile drivers with lower insurance rates and, establish an environmental superfund to clean up toxic waste sites, therefore this House has lost confidence in the government of Ontario, not only for its inability to maintain its promises, but for its inability to develop a plan to halt the deterioration of our health care system, transportation network, competitive tax position, and integrity of our government institutions.
